DiYanni gives excellent explanation and great examples of poems, plays, and short stories in his book. I actually bought this book for a Lit. class and I knew I would hate the class and the book when I saw how 'big' the boook was. Turns out I loved them both; and DiYanni in my opinion is an excellent author. This book is a great read for pleasure as well as study. Informative. Published by Thriftbooks.com User , 20 years ago. This book not only contains a lot of excellent literature, but it also gives instruction on how to read and analyze literature more effectively. In poetry an apostrophe often addresses something not ordinarily spoken to. An an apostrophe, a speaker may address an inanimate object, a dead or absent person, an abstract thing, or a spirit. Apostrophe is often used to provide a speaker with means to articulate thought aloud. a poetic genre emerging in the 1950s and 1960s primarily concerned with autobiography and the unexpurgated exposure of the poet's personal life. Like its larger counterpart, the compact *Literature: Approaches to Fiction, Poetry, and Drama* by Robert DiYanni features student-centered approaches to literature--from experience to interpretation to evaluation--and an emphasis on making connections between texts and thinking critically about literature. Known for its clear presentation of the formal elements of literature and literary analysis, this compact anthology effectively balances classic, modern, and contemporary works across the three major genres, blending well-known writers with a diverse gathering of newer, international figures. Used this to teach a dual enrollment English 112 class and found it to be a great collection. Has some great in-depth poetry sections. And the selection of short stories was wonderful. The drama section includes some nice, succinct plays. My students were pleasantly surprised by how much they enjoyed readings from this text. flag 1 like Like see review. This wasn't a cover to cover read, but I spent many months in Laos working my way through the fiction, poetry, drama and associated criticism. Makes me wish i'd done a literature degree. flag Like see review.
