The Catholic priesthood and the English Reformation

This examination of the impact of the English Reformation at parish level provides a perceptive exploration of the role of the Catholic priesthood in the church and in the life of the community. Using a range of contemporary sources, it demonstrates the practical consequences of the Reformation.

Summary:

This examination of the impact of the English Reformation at parish level provides a perceptive exploration of the role of the Catholic priesthood in the church and in the life of the community. Using a range of contemporary sources, it demonstrates the practical consequences of the Reformation.

The construction of martyrdom in the English Catholic community: 1535 - 1603
by: Dillon, Anne
Published: (2002)
The English Reformation took place in 16th-century England when the Church of England broke away from the authority of the Pope and the Roman Catholic Church. These events were, in part, associated with the wider European Protestant Reformation, a religious and political movement that affected the practice of Christianity in western and central Europe. Causes included the invention of the printing press, increased circulation of the Bible and the transmission of new knowledge and ideas among scholars.
