

Janice VanCleave s Ecology for Every Kid: Easy Activities That Make Learning Science Fun

By Janice VanCleave

John Wiley and Sons Ltd, United States, 1996. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. When is a weed not a weed? How can a jackrabbit survive in the desert? Why is the climate cooler higher in the mountains? Now you can learn the answers to these and other questions about ecology. With the ideas and activities in Ecology for Every Kid, you ll have fun exploring everything from your role in spreading plant seeds, to greenhouse gases effect on the earth s temperature. Use a raisin cookie, a pencil, and a toothpick to learn how a woodpecker gets its food. With uncooked rice and a sock, see how a mountain goat maintains its footing on rocky slopes. In other fascinating projects, you ll find out how a cactus stores water, how fox-hunting affects tree growth, and much more. You ll find most of the materials you need around the house or classroom. The book also contains many helpful diagrams and illustrations plus a glossary of bold-faced terms for you to refer to whenever necessary. Every activity has been pretested and can be performed safely and inexpensively in the classroom or at home....
