Start by marking "Basic Course in American Sign Language" as Want to Read: Want to Read saving... Want to Read. This book contains twenty-two lessons that cover the foundations of ASL grammar and vocabulary with an emphasis on proper sentence structure. Both grammar and new vocabulary is introduced in an intuitive progression to build a solid understanding of the concepts. It is the perfect written complement to the award-winning CD-ROM, Sign Language for Everyone. The lessons include: Determiners in American Sign Language. Dominant, passive, and symmetrical hands: conditions. Embedded questions in statements. Star Arrow, The: a basic poem. The Bear and Two Travelers: a fable. The Cock and the Diamond: a fable. Learning a signed language as a second language is a rapidly growing interest, especially in ASL (American Sign Language). Begin with your self-paced ASL 101 lessons or browse a list of tutorials below. If you've learned some ASL before, reviewing ASL 100 may be helpful or refreshing. American Sign Language (ASL) is an experience, and arguably the most beautiful language in the world. It is also the third most widely spoken language in the United States (after English and Spanish, respectively). If for no other reason than to be... If for no other reason than to be prepared and helpful in an emergency situation, everyone who is able should learn at least basic American Sign Language. There are also benefits like being able to go on to study and become an interpreter for a school, or a religious organization. All of this, however, starts with knowing ASL basics - sign language fingerspelling, alphabet, numbers, colors, common phrases, and terms related to emergency situations.

American Sign Language Level 1. Learn how to communicate using ASL. Bestseller. This course is designed to give students a language foundation in ASL. The course will include: the origins of the language; the alphabet and finger-spelling; colors; animals; foods and drinks; family signs; feelings; professions; verbs and key nouns. Students have materials to use for practicing vocabulary and sentences. At the end of the course, students will be able to demonstrate a short story in ASL with clarity. Please note this course does NOT have closed captions. Who this course is for: Anyone interesting in learning American Sign Language. Show more>Show less.

Featured review. Start by marking "Basic Course in American Sign Language" as Want to Read: Want to Read saving; Want to Read. Currently Reading. Read. Other editions. Enlarge cover. Another of my ASL books used in the classroom setting by a deaf teacher. Not a book for learning on your own, but you really should be learning ASL in a group situation. It is so easy for the beginner to misinterpret the handshape and movement of many signs. The book was useful for the conversational side of signing. The rules are laid out and exercises reinforce the unit information. Some of the signs were different from ones in our region, but you will have that with any book. flag Like · see review. May 18, 2009 Charlene rated it it was amazing. American Sign Language is one of the most beautiful yet misunderstood languages in the world. Approach learning it with the same respect and expectations you would if you were learning any foreign... Fingerspelling is used often in American Sign Language, especially for proper nouns. It is also essential for spelling out words you don't know the sign for. Check out this guide for details on how to fingerspell each letter of the alphabet.[2] X Research source. Be polite and ask if someone would like to engage in a basic conversation with you. Advertisement. Community Q&A.
