Remark:

This pamphlet of some 24 pages contains four stories, nine traditional Aesop's fables, three puzzles using key Dolch words, and a short statement to teachers and parents. I had not known that someone had taken up the spirited approach to learning that E.W. Dolch represented in the 1950's. Lee is listed as the reteller of each Aesop's fable. There are a few lines of introduction before the fables: Here are some of Aesop's fables. At first, they were for grown-ups. Now they are in children's books, too. All of us can learn from these stories.
