### Book summary

The authors traveled to 13 countries to taste insects. The book talks about eating insects and how to harvest them. The insects in the book include *Theraphosa blondi* (a bird-eating tarantula), jumil stinkbugs, witchetty grub, and silkworms. Faith recommends that people who are new to insect eating start with insects that crisp up well when roasted and avoiding things like worms, which are too chewy, or cicadas, which are too fleshy and tough.<sup>[1]</sup>

### Reception

It was reviewed by Whole Earth,<sup>[2]</sup> New Scientist,<sup>[3]</sup> and Salt Lake Tribune.<sup>[4]</sup>
