"American Government" redirects here. For the textbook by James Q. Wilson and John J. Dilulio Jr., see American Government (textbook). "Government of the United States" redirects here. No other name appears in the Constitution, and this is the name that appears on money, in treaties, and in legal cases to which it is a party (e.g. Charles T. Schenck v. United States). The terms "Government of the United States of America" or "United States Government" are often used in official documents to represent the federal government as distinct from the states collectively. In casual conversation or writing, the term "Federal Government" is often used, and the term "National Government" is sometimes used. The bestselling American government reader for over 40 years, this anthology continues to provide a strong, balanced blend of classic selections that illustrate and amplify important concepts in American government, along with current readings and cases drawn from today's headlines. Features. The core readings and cases of this text give students a real sense and understanding of their great heritage. The highlights of what students learn from this text are: John Locke's theory of government by consent Madison's constitutional model of Affectionately dubbed the "woolly reader" by my classmates and I, American Government: Readings and Cases was required reading for my AP American Government class this past semester. While it was nice having a compilation of essays for reference when one essay referred to another, Woll's comments at the end of each essay didn't add much to my understanding of the essays included in American Government: Readings and Cases. Find many great new & used options and get the best deals for American Government : Readings and Cases by Karen J. O'Connor (2000, Trade Paperback, Revised edition) at the best online prices at eBay! Free shipping for many products! This reader is a unique blend of classic and contemporary selections that encourages students to examine the evolution of our political system. It combines the best of traditional classic readings including short essays from The Federalist Papers with current topical readings that heighten student interest. Each reading is followed by critical thinking questions that ask students to analyze the political issues facing us today and to think about how these issues relate to, or have evolved from, the principles upon which our government was founded. The bestselling American government reader for over 40 years, this anthology continues to provide a strong, balanced blend of classic selections that illustrate and amplify important concepts in American government, along with current readings and cases drawn from today's headlines.
