'This book is a must-have for members of non-profit boards who want to develop a better understanding of what being on a board is all about and how to improve their board's performance....If you are serious about building your board's capability, read and use this book.' - Law Institute Journal of Victoria, March 2009.

'You generally won't find books on governance jostling for space among the best sellers with the latest Bryce Courtenay or coffee table cookbooks but here's one that should. There are so many positive features of Fishel's book that it is hard to know where to start. Within its less than 300 pages, the book manages to encompass all of the major concerns of not-for-profit boards. The language is clear and lively and even complex issues are laid out with simplicity. of the boards of non-profit organisations and how these organisations can be governed. effectively. It provides guidance on the role of the board, its legal responsibilities and the. ways in which boards can try to improve their effectiveness. The book is comprehensive in. of "big data" and the growth of impact investing for governance. There is also an interesting. chapter written by Fishel himself which asks whether the current board model of governance. is sustainable, and highlights a number of interesting challenges and possible future. scenarios.

A nonprofit organization (NPO), also known as a non-business entity, not-for-profit organization, or nonprofit institution, is an entity organized and operated for a collective, public or social benefit, in contrast with an entity that operates as a business aiming to generate a profit for its owners. A nonprofit is subject to the non-distribution constraint: any revenues that exceed expenses must be committed to the organization's purpose, not taken by private parties. A wide array of organizations International Finance Corporation is an international organization established by Articles of Agreement among its member countries, and a member of the World Bank Group. All names, logos, and trademarks are the property of IFC, and you may not use any of such materials for any purpose without the express written consent of IFC.Â The Benefits of Good Governance for SMEs Better Governance Is a Good Investment. 1 3 5 5 6 7. 2. SME Governance Framework SME Stages of Growth: How Is My Business Evolving? Not-for-profit organizations play a critical role in the American economy. In health care, education, culture, and religion, we trust not-for-profit firms to serve the interests of their donors, customers, employees, and society at large. We know that such firms don't try to maximize profits, but what do they maximize? This book attempts to answer that question, assembling leading experts on the economics of the not-for-profit sector to examine the problems of the health care industry, art museums, universities, and even the medieval church. Contributors look at a number of different aspe
